

## Slavery: 2 Muslim slavery

Slavery is employed by modern liberals as a weapon for Blacks against whites, especially in the US. It is the prime issue to denounce claimed white supremacy and castigate white people for being white. The truth is that most ethnic types have been subject to slavery; it is not predominantly a Black issue at all, more Eurasians have been enslaved.

For centuries so many white Europeans (particularly women and children) were enslaved by Muslims that the word 'slave' derived from 'Slav' because Christians in the Balkans were subject to so many slave raids. Muslims raided or invaded Europe for centuries until halted by warfare. After that, Muslim raids continued on European coasts by the Barbary Pirates until the 19<sup>th</sup> century. Islam has about 40 names for slave. Until the 15<sup>th</sup>c. most Muslim slaves were White Europeans.

Various Muslim tribes decimated whole populations by slaughtering the men and enslaving the women and children, mostly as sex-slaves but sometimes children would be enslaved and instructed to be administrators or warriors. Between about 800 and 1400 different Muslim sultanates and caliphates killed many millions of Europeans, Indians, Persians, Iraqis,<sup>1</sup> and enslaving the women and children of entire cities at once. Over a million Christian women from Europe were kidnapped as sex-slaves. After just one battle in India, all Tamerlane's soldiers took strings of 150 girl slaves and much booty. In fact, the word 'kidnapped' derives from the many children abducted by Muslims (nabbing kids).

Muslims did enslave Blacks to be used for menial labour, but initially the predominant captured slaves were white Christian or pagan women. On one occasion 3,000 blonde Christian women were abducted to satisfy a North African sultan alone. In 711 7,000 Christians were enslaved just in Ephesus. In Tughlaq one Muslim leader took 180,000 slaves. In 1263 the Mamluk sultan Baybars defeated Antioch and slaughtered the 16,000 strong garrison then sold the 100,000 inhabitants into slavery. Ten people had to die to produce one slave. Many millions of Hindus were killed and enslaved alone.

The reason for sex-slaves is that Muslims are allowed multiple wives and concubines. Muhammad was a slave trader and had many wives and concubines, including a nine-year old girl and Christian women. He passed around sex-slaves for the sexual pleasure of his companions and as gifts to others. Raping women was a normal part of Muslim conquest. Islam allows even captured married women (normally exempt from sex-slavery) to be sex-slaves and concubines.<sup>2</sup> A sex-slave concubine is used by a Muslim master as he pleases to gratify himself, in any manner, until he is tired of her and sells her to another, creating a wreck of a woman. Islam considers slavery a great good. If you keep a slave long enough they may convert to Islam; if they don't their children will. In any case, it is making a kafir (non-Muslim) submissive to Allah.

In the 1400 years of Islam, the predominant slavers were Muslims but they had accomplices. In the Mediterranean slave trade this was most notably the Venetians and the Jews. In fact, even the enslavement of African Blacks was mostly organised by Jews and Muslim Arabs, with the willing involvement of other native Black leaders who became rich by it. Islam eventually enslaved 25 million Africans. Muslim dominated slavery continues today. Women brought in from the Philippines to work in Saudi Arabia are treated as slaves. Their passports are taken and they never get back home. Eastern European Muslims have cornered the slave trade in western European nations where young girls are kidnapped to be sold as sex-slaves. Human trafficking is happening on an industrial scale right now in all Muslim nations.
