## Events during November 2017

I'm not going to analyse all this and I do not have enough data to do so properly. However, I want to draw your attention to numerous events, many of which the media is downplaying or ignoring altogether.

### Air crash above Rothschild house

A helicopter crashed with a light aircraft almost directly over the Rothschild's Waddesdon Manor, near Aylesbury, Bucks on Friday 17 November. There were no survivors and it was reported that there were four dead. The crash site was not actually on the Rothschild estate, which they manage for the National Trust, but in woods right next to it.

Later the names of the dead were released as student Saavan Singh Munda, Jason Singh Bhara, Vietnamese pilot Nguyen Thanh Trung and experienced helicopter pilot instructor Mike Green. Presuming that this information is true, then this appears to be an accident. However, in the same period there have been multiple attacks on the Rothschild control of geo-politics from China to Washington DC. Some speculate that this was a warning. A FBI whistleblower has affirmed that it is more complicated than appears at first sight. Curiously, the Wikipedia entry for Lord Rothschild showed him as dead on 17 November, but only for 15 minutes.

### Marines circle the CIA HQ

This is exceptional news that has been completely ignored by the media.

It should be noted that the CIA has been the main tool of the global elite for decades, having black budgets (e.g. from heroin sales), no oversight and committing heinous crimes world over. It has been seen to be vehemently opposed to Trump. On the other hand, the military is very pro-Trump, especially at grass root levels. Thousands of army troops have volunteered to be of service to Trump if necessary.

It has been confirmed from multiple sources, including FBI whistleblowers and local residents, that a detachment of Marines 'invaded' Langley where the CIA headquarters is situated at 1000 Colonial Farm Road, Mclean, Virginia.

Numbers are unconfirmed but such a detachment (a Marine Expeditionary Unit or MEU) usually involves up to 2200 troops headed by a colonel but the ground combat element is 1100 troops. These troops arrived in rotary-tilt helicopters<sup>1</sup> on Saturday 18 November. Locals said that they heard unusual loud aircraft noise for 30 minutes. Nothing like this has ever been experienced before. You can even see a YouTube video of two Ospreys on their way to Langley filmed by locals on their phone; apparently six were witnessed but two filmed.

---

<sup>1</sup> The aviation element of an MEU is 12 MV-22s (Osprey tilt-rotor helicopters) and 4 Sikorsky CH-53 Super Stallion helicopters. The former carries 24-32 troops; the latter 37-55 troops. Sikorskys, in particular, are very, very loud.

It was later affirmed that the aircraft circled the CIA HQ for 30 minutes but did not deploy troops on the ground. However, other sources say that the Marines did enter the CIA and removed huge amounts of incriminating data. Sources in the NSA apparently confirmed the Marine operation. Speculation was rife that the Marines prevented an attempted CIA coup.

This is evidence of the warfare that is going on between the CIA and the military / President. One reason for this is the continuation of CIA funding of al-Qaeda and ISIS in Syria, who have attacked US military units. The military demanded that this stop; it did not. The other is that the CIA takes orders mainly from the elite, not the government.

The circling of Langley was a show of force by the Pentagon. No one will say who authorised this move. It was done at the weekend so that most Pentagon officials were at home and by the time they heard about it, the action was over. It is such a serious action that the speculation is that the order was from Trump.

This is unprecedented. Two agencies of the US are at open war with each other.

## **Afghan drug factories destruction**

At the same time as the Langley operation, US warplanes attacked multiple drug factory sites in Afghanistan. This is unprecedented.

As you know, the Afghan war was initiated to restore heroin production that had ceased under the Taliban. The CIA run the drug trafficking in the world to achieve multiple goals, one of which is to fund Black Ops operations.<sup>2</sup> Another factor is control of US youth population, particularly Black Africans, to make them ineffective as rebels.

The bombing of drug factories was a direct threat to the CIA, make no mistake. In connection with the Langley incident, this may show that Trump is engaged in a war with the CIA. The CIA is the supreme agent in the distillation of global elite power in the world. It is behind drug trafficking,<sup>3</sup> child trafficking,<sup>4</sup> paedophilia rings, funding terrorists,<sup>5</sup> plotting coups,<sup>6</sup> fomenting rebellion,<sup>7</sup> assassinations,<sup>8</sup> torture<sup>9</sup> and disinformation<sup>10</sup>. This is a key part of the 'swamp' that Trump promised to attack.

---

<sup>2</sup> Operations that are secret and have no congressional funding or authority.

<sup>3</sup> The CIA has been behind the LSD explosion in the 60s to dumb down the Hippie movement and stop political activism. It was behind the spread of Cocaine and Crack Cocaine to weaken the Black movement; and so on.

<sup>4</sup> Provision of kidnapped children, especially from Asia, is used to 'entertain' foreign diplomats and blackmail politicians, especially Saudis, and to use terrorised, murdered children to sustain the body parts industry and harvest Adrenochrome (oxidised adrenaline) which the elites delight in.

<sup>5</sup> E.g. Al-Qaeda and IS.

<sup>6</sup> E.g. Ukraine.

<sup>7</sup> E.g. Ukraine, Syria, Libya.

<sup>8</sup> E.g. Gaddafi.

<sup>9</sup> N.B. special rendition.

<sup>10</sup> E.g. Operation Mockinjay (controlling the media stories).

## US troop alert

Sources in the military are saying that a massive deployment for a domestic mission is being planned.<sup>11</sup> In other words, the government is expecting a period of severe social unrest in the near future, which will require martial law. Military contractors have been told to prepare for this. The US cannot deploy US troops directly on American soil but they can use retired US troops working for military contractors, plus the National Guard.

No one knows what this operation is preparing for. Some suspect that it is to counter the planned 'cultural revolution' rooted in Communist ideology and funded by George Soros. There are multiple indications of this coming Antifa revolution.

Other possibilities include:

- National grid breakdown (which would also stop banks working and food stamp distribution). The result would be anarchy.
- A limited nuclear strike, say on California. This would then be blamed on North Korea and used as a false flag excuse to start a war.
- Economic crash.
- Internal revolution.
- An attempted coup.

Something is expected and is being planned for.

## The paedophilia exposure

In connection with the sealed indictments (see next) we must highlight the exposure of the scale of child sex abuse that is rampant among the elite and their bought and paid for lackeys in politics and the media.

I have exposed elsewhere that the top 1%, the establishment, in many countries contains a majority of paedophiles. This has been known for decades and occasionally one will get caught,<sup>12</sup> but the majority is protected because the paedophiles are the ones in power.

Worse still is the fact that rape, torture, murder and even cannibalism of young children is a significant occult part of this scandal. This has been going on for centuries and ritual sacrifice of infants is described in the Bible as one of the sins of adulterous Israel. Reports of this have surfaced throughout history, sometimes associated with Jews (which is denied by them) and sometimes by witches and magicians because it reputedly gives them power. Some occult schools involve such crimes, such as the teachings of Aleister Crowley (Thelema School) who is someone that is followed by very many elite people, some have openly admitted this.<sup>13</sup> Crowley also worked with MI5 who used paedophile videos to blackmail politicians.

Without doubt, the elite has many people who indulge in serious crimes against children regularly.

---

<sup>11</sup> Naturalnews.com, (Mike Adams) 'Prepare for sudden, radical transformation at every level of society', 28 November 2017.

<sup>12</sup> Jimmy Savile and Cyril Smith for example.

<sup>13</sup> These include: Jimmy Page (Led Zeppelin), Madonna, Jay-Z, L Ron Hubbard, Peaches Geldof, David Bowie and John Lennon.

Well things are currently hotting up for paedophiles. First we had the Hollywood sex scandal (not that this should have taken anybody by surprise). The 'casting couch' syndrome soon gave way to the exposure of Hollywood paedophiles, like allegations against Kevin Spacey, followed by multiple claims by victims, such as Corey Haim and Cory Feldman. For their confessions both were immediately arrested on trumped up charges of drug possession while proven rapists, like Harvey Weinstein, go free. Ignorant people began to see the cesspit that Hollywood is. Even Shirley Temple was a poster girl for paedophiles and was apparently molested (she dropped out of Hollywood for a reason and lived until 90).

To this is added the existing hundreds of leaked emails from John Podesta, chairman of the Hillary Clinton presidential campaign (via WikiLeaks). His emails are suffused with references to paedophilia; mainly using known symbols and code-words. There are even allegations connecting the Podesta brothers to the Madeleine McCann disappearance, which I cannot confirm or deny. The emails also connect Podesta to occult rituals with known Satanists (such as Marina Abramovic).

After investigations into Podesta, news emerged that the FBI have uncovered a child sex ring connected to the Clinton Foundation. It is alleged that arrests have been made in Washington and elsewhere but the outcome of this is not yet known. April LaJune stated that a military escort grounded John Podesta's plane and revoked his and his brother's passports. I cannot confirm if this is true.

Both Hillary Clinton and John McCain suddenly appeared wearing a big leg brace on one foot. This is claimed to be covering a security tag or ankle monitor for electronic tagging by the police. Again I cannot confirm this. Perhaps they both broke their ankles at exactly the same time!

April LaJune linked the Podestas to James Alifontis of Comet Ping Pong and boyfriend of David Brock, a hard core Clinton supporter and founder of Media Matters (a political propaganda machine), who is also mentioned in the leaked emails. Alifontis is alleged to be a supplier of children to the Washington paedophile ring.

Both Bill and Hillary Clinton had been previously linked to convicted paedophile Jeffrey Epstein and had travelled to his private sex island in the Bahamas. The FBI then affirmed that more Clinton emails had been found on Anthony Weiner's computer, positing all sorts of rumours of criminal activities, including details of Epstein's 'Lolita Express'. It is alleged by whistleblowers that Bill and Hillary indulged in sex with minors at the island. Certainly there are plane logs showing that the Clintons went there multiple times separately and together (Bill - 26 times).

Then a FBI whistleblower began posting items and questions on 4-Chan. Ex-NSA folk<sup>14</sup> affirmed that he was authentic – but who can tell? This informer known as 'Q-Anon' stated that the real Clinton Foundation problems (not just the fraud, bribery and treason) were paedophilia and sex-trafficking whereby young girls were traded to politicians like cattle – particularly with British and Saudi politicians.<sup>15</sup> Steve Pieczenik states that Hillary will be charged by the New York police for paedophilia, as well as obstruction of justice for lying to the FBI. However, this has been claimed before and nothing happened.

---

<sup>14</sup> E.g. Dr Steve Pieczenik, former US Dept. of State official.

<sup>15</sup> Note the film, 'Conspiracy of Silence'. It is claimed that many children's charities are fronts for paedophile rings.

## Sealed US indictments

Thousands of sealed indictments have been issued and are currently on US District Court dockets across America. They began appearing on 31 October and have continued. By 17 November there were 1800. Some reports say that now there are over 2,000, others over 4,000. Even taking the figure of 1800, there has never been so many sealed federal indictments appearing at once before.

There is speculation that there are mass federal arrests of corrupt officials, such as Clinton and others involved in the Uranium One bribery and fraud scandal, as well as Washington paedophile rings. The Podesta brothers are allegedly key players in Washington paedophilia corruption, linking Hillary Clinton. Nearly 200 indictments were issued in California, which may be connected to the paedophile ring exposure in Hollywood.

A FBI informant, William D Campbell, has video of Clinton Foundation officials being given suitcases full of cash<sup>16</sup> from Russians, prior to the approval of the Uranium One deal, which sold 20% of US Uranium manufacturing to the Russian state-owned ROSATOM corporation.<sup>17</sup> Campbell has averted six attempts on his life before testifying so far. Hordes of people from the former Democrat administration are facing prison terms and may plea-bargain to save themselves, fingering higher ups.

As the scandals surrounding Hillary Clinton become more and more obvious to everyone, the Democratic Party has dumped her, at last. The party is clearly distancing itself from both Clintons, who possibly face indictment and prison for very clear treason and fraud, let alone multiple other elite crimes with the Bush family (which include paedophilia & drug running). Note also Donna Brazile's<sup>18</sup> exposure of Hillary Clinton in her recent book, explaining (what we all knew) how the Democrat primaries were illegally fixed to exclude Bernie Sanders. Clearly Brazile is trying to distance herself from the coming corruption trials.

## JFK documents

Trump has released thousands of declassified documents regarding the JFK assassination. The second tranche was not redacted.

This appears to be part of the Trump concerted attack on the CIA, which was definitely involved in the assassination along with others.<sup>19</sup>

There are now growing allegations about the direct involvement of former president and CIA director GHW Bush (Senior) in the Kennedy assassination; including a photograph of him in Dallas Plaza at the time (despite his denials of being present). GHW Bush is one of the top global elite controllers.

## Saudi royal purge

This is of enormous geo-political significance that warrants a deep investigation.

---

<sup>16</sup> Zero Hedge, 'FBI informant has video of Russians with briefcases of cash in Clinton uranium scandal', 24 November 2017.

<sup>17</sup> Many believe that this was a clever Russian sting operation to incriminate Clinton and her corrupt collaborators in Washington.

<sup>18</sup> A political strategist and campaign manager. She was briefly the interim chairman of the DNC.

<sup>19</sup> The Mafia, the FBI, the CIA, Lyndon B Johnson, Mossad and others.

Saudi Arabia's future king, crown prince Muhammad bin Salman (MBS), has restructured the kingdom's hierarchy by purging and arresting 500 royals, ministers and investors and freezing their assets. Victims include the billionaire businessman Al-Waleed bin Talal and numerous princes. One reason was to gain the much needed assets of \$800 billion since the kingdom is desperate for cash; another is political – to ensure despotic control. The official reason was a crackdown on corruption. MBS also secured control of the three branches of the security forces. Trump has affirmed support for this. Another issue in this crackdown is paedophilia, which the princes have been arrested for in various places around the world, according to April LaJune.

On the same day that the purge began, the Lebanese Prime Minister, Saad Hariri, resigned while in Saudi Arabia on 4 November. Can this be a coincidence? The Saudis said that he was freely ensconced in a hotel while the Lebanese affirmed that he had been arrested. The Lebanese, and others, claimed that this was part of a strategy to get Lebanon to overreact and give an excuse for an Israeli war with Lebanon, which the Saudis have encouraged and offered to sponsor with billions of dollars. This failed.

It was also confirmed, by the leak of a diplomatic cable, that Israel has covert ties with Saudi Arabia's former administration and was the foundation of the support for jihadi terrorists like al-Qaeda and ISIS. The tie was based on the desire of both nations to see Iran destroyed or cut back.<sup>20</sup> Some of us have been saying this for years. However, hardened Wahhabis in Saudi Arabia are going to be very unhappy about this.

It is of further interest that some of the arrested Saudi princes and businessmen are invested in Twitter, Fox News and contributed to the Clinton Foundation. Of more interest is the fact that some are owners of the top floors of the Mandalay Bay Casino hotel (called 'The Four Seasons').

In this regard there are stories that an important political meeting was going on in that hotel when the shootings occurred. Not only that but recent film footage has emerged showing muzzle flashes from the top floors (36<sup>th</sup>-38<sup>th</sup> floor) during the shootings, which are owned by Al-Waleed bin Talal.<sup>21</sup> Al-Waleed is Citigroup's largest shareholder, the second largest voting shareholder in 21<sup>st</sup> Century Fox and he is the 45<sup>th</sup> richest man on earth, worth \$18bn. Does this purge involve the Las Vegas massacre?

Essentially, the purge is a bid by MBS to gain total control of Saudi Arabia with no credible opposition when the current king dies. In association with Israel, MBS has proved to be an effective plotter and schemer. This is in connection with a joint Israeli/Saudi plan to provoke wars with Iran and Lebanon.<sup>22</sup>

## **Secret global summit**

Donald Trump held a secret meeting with Vladimir Putin and Chinese President Xi Jinping, the president of Indonesia was also present, on 10 November in Danang. The US State Department tried to stop this unscheduled meeting.

<sup>20</sup> Zero Hedge, Tyler Durden, 'Israel gives official confirmation of covert ties with Saudi Arabia', 19 November 2017.

<sup>21</sup> YouTube, hangman1128, (John Cullen) 'It was the Four Seasons! Not Mandalay Bay', 18 November 2017. Rense.com, 'Rense frame analysis of gunshots from a room in the Saudi Muslim owned top five floors of the Mandalay Bay Hotel', 22 November 2017.

<sup>22</sup> For details see my appendix in the paper, 'The great geo-political reversal'.

No one knows what was agreed but the significance of this is extraordinary. It is claimed that Putin and Trump agreed that Assad must continue as Syria's leader, contrary to the elite objective and US State Department policy.<sup>23</sup>

Another factor is that Indonesia, and to a lesser extent the Philippines, have huge hordes of WWII gold stored in dozens of caves. This gives them global bargaining power.

While in China, Trump arranged a much better trade deal for America than was previously experienced, of huge benefit to US workers and businesses. [This contrasts with the elite pawn Obama who oversaw the massive loss of American jobs and industry to China and trade deals that harmed US interests – as well as seeing the US become the world's biggest debtor and China the world's biggest creditor.]

In fact, Trump was universally applauded in China, while his Asia tour was the most extensive for a US president in 25 years. The Chinese understand the near civil war in America and call it 'The Divided States'. They support Trump in his attack on the global elite that have controlled the US for decades.

If Trump could secure a real economic partnership with Russia and China, and avoid war, he could possibly save the collapse of the dollar completely. However, the transition to a Petro-Yuan is inevitable.

## **Russia on war footing**

Putin recently put Russian industry on a war footing; including civilian industry.<sup>24</sup> Clearly there is concern about the future. All industry is to prepare to be able to switch from domestic activity to war production at short notice. This is necessary in a war with the US since the US has a far greater quantity of industry and money directed to war.

This has been provoked by the constant harassment and threats of America: continual US military interventions, such as in Syria; the encroaches of NATO eastwards; the constant US establishment attacks on Russia blaming it for everything in sight etc. America has also decided to stay illegally in Syria, despite the defeat of ISIS, showing that it was never about rebels against Assad but geo-politics. This decision has managed to anger Russia, Iran and Turkey as well as Syria.

These are all US elite operations that Trump spoke against on the campaign trail. Is he about to come good on this or is he now a pawn of the elite on foreign policy?

## **New Internet**

The Russian Security Council has asked the government to develop an independent internet infrastructure for BRICS nations which would continue to work in the event of a global internet disruption.

Putin has set the date of 1 August 2018 as the target for completion of this security project.

The concern was the capability of western nations to conduct offensive operations in the informational space and pose a threat to Russian security.

---

<sup>23</sup> Russia Insider, 'Assad can stay', 28 November 2017.

<sup>24</sup> Russia Insider, 'Putin tells industries to be ready to switch to war footing', 24 November 2017.

## The rise of the Petro-Yuan

The increasing solidity of trade and monetary policy union between Russia and China is already a major threat to the Petro-Dollar. However, the current action to cement financial transfers in gold between nations like India, China and Russia, plus the many others considering joining this scheme, is another step on the road to establishing the Petro-Yuan. New pipelines and high-speed rail-links from Xinjiang through Iran, Turkey and on to Europe are progressing. Russo-China mining plants are also being set up.

This is a direct threat to the US hegemony. There have even been talks between Putin and the Saudis about the future of oil sales. Putin has already done a deal with Venezuela, which holds the biggest oil reserves. America is fast becoming an also-ran. When this transfer of global power is complete in economic terms, America is finished as a world power, apart from its military capability. Thus many speculate that the only way to compete is to start a world war.

## Yuan Bonds

In the wake of US sanctions, Russia is preparing for a \$1bn yuan denominated bond issuance in an attempt to diversify financing risks away from the west. This will amount to 6 billion Yuan. This could be the first domino of many that could result in the collapse of the dollar.

## European instability

### Germany

Angela Merkel cannot form a stable government and looks very weak after her CDU party only got 26.8% of the vote. In addition the rise of a far right constituency<sup>25</sup> is now very threatening for the liberal establishment. Furthermore, the George Soros stooge, Social Democrat Martin Schultz, is on the wane (he was put up as a stalking horse to lose). People have had enough of the elite. A new election seems possible, which the elite do not want as it will advantage the conservative vote.

Many are predicting that Merkel is finished, and with her the elite hold on Germany. What we are seeing is a 'Germany first' vote instead of Merkel's 'EU first' policy. However, at the moment there is a fresh attempt to form a coalition.

Merkel will eventually fall, either now or later, as a result of her commitment to Soros' open border ideology.

Local anger at the immigration policy exploded this month when the mayor of Altena, Andreas Hollstein, was stabbed in the neck for exceeding the migrant quota. The attacker tried to cut the mayor's throat but was stopped by bystanders. The attacker, a German citizen, said, *'How can you feed immigrants when Germans are starving'*.

### France

France is still coming to terms with the fact that Marine Le Pen beat two of the major French parties, showing that nationalism and populism are as active in France as they are elsewhere. The migrant crisis is coming to a head as France suffers nearly as much as Sweden. Macron seems unprepared for what is coming.

---

<sup>25</sup> Populist movement Alternative for Germany (AfD) has a voting bloc of nearly 100 seats.

## The EU

As well as the prospect of multiple nations wanting to leave after Britain, plus the possibility of Merkel disappearing, the EU is in deep trouble. Indeed, its budget cannot be met once Britain leaves.

On top of this there has been a publication of all the MEPs that are subject to George Soros. This is hugely embarrassing and shows how deep the corruption is. People are fed up with this sort of corruption. Nigel Farage has formally called on the EU to investigate Soros. Soros' Open Society organisation held 42 meetings in 2016 with the EU and published lists of 226 reliable friends in the EU Parliament – with the implication that they accepted bribes. The person that started the fake news about Russian collusion in the Brexit vote, Ben Bradshaw, turns out to be an affiliate of Open Society.

## Sweden

Many are saying that Sweden is now on the verge of civil war. Citizens are now thoroughly fed up with the crimes of Muslim immigrants and will no longer take it. There have already been major clashes (ignored in the media) between conservatives versus leftists / immigrants.

## Hungary, Czech Republic, Poland

The Slav nations that have refused to take in Muslim migrants are now being disciplined by the EU. The leaders, particularly Hungarian Prime Minister, Victor Orban, are standing firm. This threatens the unity of the EU bloc. There is now a majority in Hungary wishing to leave the EU. Orban has called the EU policy of unlimited immigration 'madness' and argued that he was defending Christianity against a Muslim influx.<sup>26</sup>

As an aside, despite the US establishment harping on about Russian collusion in American elections (in fact Israel has far more influence than anyone else) it turns out that America has been interfering in Hungarian elections.<sup>27</sup> It spent nearly \$1 million to defeat conservatives in Eastern Europe. The State Dept. earmarked \$700,000 for an advertising campaign that intended to defeat Victor Orban who had vehemently opposed fellow Hungarian George Soros' meddling policies on migration.

Poland has seen huge national demonstrations in favour of negating EU policy on migration, despite the resultant sanctions.<sup>28</sup> Many are now calling for withdrawal from the EU. Meanwhile the EU has adopted a resolution that provides for the launch of a mechanism to apply sanctions against Poland for a '*serious breach of European values ... including the rule of law*'.

There is also a majority in the Czech republic wishing to leave the EU.

## Spain

Spain is in a significant crisis with the populist, political, potential secession of Catalonia. This is a bigger threat to the EU than Brexit.

## UK Defence

At the same time that the establishment of an EU army is progressing significantly, former armed forces officials have warned the British government that the UK's armed forces are

<sup>28</sup> Such as a recent 600,000 march in Warsaw.

woefully depleted by savage cuts and could not perform in the event of war. Some have stated that we could not defend the country from attack.

We have only one recently commissioned aircraft carrier with no aircraft for it. The warplanes ordered for 2020 are US F-35s, which I have previously explained, are useless and currently are unable to be used on ships. In any case, it is now known for certain that Russian aircraft have the ability to fly over our warships undetected and hit them with certain jamming technology that destroys all electronics. This has already occurred on one US warship that had to limp back to port for a complete re-wire. This makes all warships useless until they can come up with the technology to identify the plane and jam the techno-attack.

Is this a deliberate move by the elite dominated government so that Britain will have to rely upon an EU defence force?

## **The Middle East volatility**

### **Israel**

Israel is preparing for a war with Lebanon, which it has tried before but failed due to Hezbollah.

CIA whistleblowers<sup>29</sup> have affirmed that Israel, which controls US foreign policy, has demanded that the US initiate a war against Syria / Iran by February.

Both Israel and the US have refused to remove their illegal military bases in Syria.

### **Netanyahu**

It was also reported that Benjamin Netanyahu is being investigated for corruption. This Israeli PM is one of the top figureheads of the global elite.

### **Syria**

China is now deploying troops into Syria in alignment with Russia and Iran to support Assad against global elite geo-politics using proxy Islamic terrorists. (China has its own Muslim problems.)

This means that on the one side we have illegal US and Israeli military bases in Syria, plus illegal missile strikes even in the vicinity of Damascus. There are Islamic jihadists still supported by NATO and Saudi Arabia in the middle. On the other side we have Iran, Hezbollah, China and Russia supporting the Syrian government legally. If ever this was a recipe for disaster, this is it.

## **Eerie atmospheric noises**

All over the world people are hearing very odd, very loud noises. These can sound like the boom of breaking the sounding barrier, whale-like sounds, a large explosion or even a loud trumpet like sound. While they have been heard for a few years, they are becoming more and more frequent and widespread but no one can identify a source for the noise, though it appears to be in the sky.

For example, a boom in Alabama was heard and felt through 11 counties on 21 November. The next day a similar boom was heard in Idaho, then in Michigan and Colorado. Other

---

<sup>29</sup> E.g. Robert Steele.

nations, such as Russia and Denmark, have also heard the noise. Some homes were shaken while other noises set off scores of car alarms.

There have been multiple suggestions as to the cause, such as testing of new advanced aircraft or exploding meteorites, but no one has seen the source object.

## Social issues

### LGBT propaganda hit

The elite pushing of LGBT issues continues to dominate society and perverted gullible, unstable people. However, ignoring the Biblical warning about sodomy<sup>30</sup> has led to a massive increase of anal cancer, proving that homosexual activity is unnatural and dangerous. This increase of cancers has been mostly ignored by the media in America.

Anal cancer is now being called an epidemic in America. In fact, men with HIV involved in sodomy are 100 times more likely to develop anal cancer than HIV-negative men who have sex with women. The American Cancer Society has stated that homosexuals developing cancer at high rates represents '*a major public health concern*'.<sup>31</sup>

### Toxic water

American water is not safe for drinking! Recent tests have shown that 75% of drinking water in the USA contained hexavalent chromium (chromium-6). This causes liver and kidney damage, as well as cancer. Other tests have shown high levels of lead and other heavy metals in 6.7% of samples. We won't even mention the danger of fluoridation affecting 60% of US drinking water supplies and which causes brain damage.

This is just another factor in the ongoing deterioration of America, which is descending into a third world country.

### HFCS cover up

As more and more people become aware of the danger to health caused by high levels of High Fructose Corn Syrup in food, food manufacturers have now started hiding the fact that it is present on labels. They are doing this by calling it 'Fructose' or something else. Fructose is naturally occurring sugar in fruit but HFCS is not natural Fructose.

### Aborted tissue in food!

US processed food not only contains toxins and Glyphosate (GMO), but it has now been discovered that manufacturers are using tissue from aborted babies as flavouring agents.<sup>32</sup>

Californian company Senomyx uses aborted embryonic cells to test fake flavouring chemicals which are then added to soft drinks, sweets and biscuits. Senomyx is partnered with a number of large food manufacturers to use its additive in all sorts of factory foods. The aborted cells are known as 'HEK-293'.

This is parallel to the chemicals made from aborted human tissues that are placed into vaccines and beauty products. These include the MMR vaccine and Bio restorative Skin

## Conclusion

This is not a full list of current interesting events and neither is it a deep analysis. I merely draw these things to your attention, many being ignored by the media, so that you are informed.

Some are seeing these events and claiming an imminent victory for Trump over the global elite cabal. This is rather foolish, as Trump has recently shown that he is part of this cabal, at least as far as foreign policy is concerned. He has also expressed full support for Israel and is linked to Zionists through his daughter Ivanka and her husband.

We cannot confirm what is really happening. It may be partly a clampdown on paedophiles in America; who knows? It may be a harbinger of a new détente between west and east. It could be the precursor to war.

Something is going on.
