

The Notre Dame Fire

Introduction

Often in history a single event causes such shock that it creates a groundswell of unforeseen circumstances and sometimes leads to a revolution. The Notre Dame fire may be one such event as it is leading many people to question what is going on in the Western world; something is very wrong.

In fact there has been a war going on in the West for decades that most people have been blissfully ignorant of. This has been the assault by the global elite on Western values and culture as the initial thrust of a plan to destroy all Western nations, to be replaced by a world empire led by a Luciferian cabal.

I explain the basis and workings of this plan in several other papers, but here I want to examine the current aggressive phase of the attack on Christianity.

Who wants to rule the world?

Talmudic Jews and Salafist Muslims

Essentially, there are two ideologies whose sacred texts express the intention of ruling the world. These are the Talmud and the Qur'an. Both expect their followers to eventually be world rulers dominating the rest of the world as slaves; either enslaved Gentiles under the domination of Talmudic Jews or the killed and enslaved Kaffirs of ruling Muslims. This is an un-arguable fact; these religions teach and expect world domination.¹

By subversion, Talmudic Jews have infiltrated the West in many guises (including subverting the Roman Catholic Church)² and now control almost all aspects of society. Mainly through violence, Islam has controlled most of the Middle East and much of Asia and Africa.

In recent years, through many machinations, Talmudic Jews and Zionists have manipulated Muslims into furthering their plans by proxy. For example, in the plan to create a Greater Israel, Zionist Neocons controlled America, France and the UK to resource, finance, train, and support radical Muslim groups (such as Al Qaeda, Al Nusra and ISIS) to foment an invasion of Syria which was intended to be annexed by Israel. Only the intervention of 'Christian' Russia prevented this. The same Neocons lied to create false reasons to invade Iraq for the same reason. It is Talmudic Jews that are behind the movement to flood America and Europe with Islamic migrants to destabilise society. To what degree Muslims understand this I don't know, but they are being manipulated by Talmudic Jews.³ Certainly an alliance was made between Saudi Arabia and Israel to attack Syria and Iraq.⁴

¹ For a full explanation see my papers 'The Pharisees' (on Talmudic Jews) and 'Islam: theology and history'.

² The Bomberg edition of the Talmud was published under papal sponsorship in Venice between 1519-1523.

³ Note Rabbi David Toitou, 'Islam is the broomstick of Israel'.

⁴ Why? Because Sunni Muslims saw this as an opportunity to attack apostate Islamists, such as Alawite / Baathist / Shi'ite Syria and Baathist Iraq.

Talmudic Jews, after fomenting a war between Christians and Muslims, will dispense with Muslims so that they can rule in isolation. By controlling Western powers they have much more military ability to be able to do this. This explains certain restrictions on military exports to Muslim nations but not to Israel.⁵

The background to recent publicised attacks on Christianity is the attempt to secure world domination by these two ideologies. In fact, Christians are being attacked throughout the world every single day but it is rarely reported. There is a global persecution of Christians, mostly by Muslims, that is ignored in the West. However, you cannot ignore Notre Dame burning.⁶

It is important to hold in mind the fact that there is a war going on in the West to destroy Christianity and the Christian cultural basis of all Western nations. Thus attacks on Christian edifices like Notre Dame will have two prime suspects.

Freemasons

Some alternative commentators focus almost entirely on Freemasons as being the prime culprits behind negative current events. They rightly affirm that Freemasons have infiltrated all aspects of power structures in Western society and have a Luciferian ethos. One initiation ritual even involves spitting on the Bible; but this is a small part of the overall satanic worship that pertains in higher levels of Masonry under the guise of Jahbulon imagery.⁷

What these people don't understand is the history.

Freemasonry was infiltrated by the Illuminati in the late 1700s and completely controlled so that Freemasonry became a sort of Judaism for Gentiles; it is certainly anti-Christian and especially anti-Catholic.⁸ By controlling Freemasonry, the Illuminati were able to infiltrate places they could not get into on their own.

The Illuminati comprises not just Talmudic and Kabbalistic Jews, but they are probably the majority. Their overall strategy is laid out in the *Protocols of the Elders of Zion* (which is not a forgery and it demonstrates exactly what happened in history afterwards). This is speculated to be the minutes of meetings presided over by the Rothschilds, perhaps the prime Jewish Illuminati family. In any event it fully describes the war that has been going on in the West since that publication came to light.

⁵ For example, for decades America refused to allow Egypt to have F-15 fighter-bombers. When Egypt planned to acquire Russian Su-35s instead (which are better) the US had an apoplexy and demanded that Cairo terminate the negotiations. See Military Watch, 10 April 2019.

⁶ The exception was the attack in Sri Lanka because the numbers of those killed were so huge (over 290) and because English families were massacred. Normally even massacres of over 100 Christians are completely ignored in the West, as I have previously explained.

⁷ See my paper on Freemasonry. Top Level Scottish Rite Freemason leader Albert Pike openly admitted that Masons worshipped Satan and performed occult ceremonies, but that this was hidden from all levels at Master Mason and below. See his 'Morals and Dogma'.

⁸ Freemasons as well as the earlier Talmudists infiltrated the Catholic Church. NB. Monsignor Marcel Lefevre in 1989 stated that Freemasons were running the Catholic Church. in Rome. He claimed to have written proof. They wanted a world government under their control.

Other papers of the Illuminati were discovered following the same trajectory in the 1700s in Bavaria. The events we are suffering from today were planned hundreds of years ago by a cabal that principally consisted of Talmudic Jews and Freemasons.⁹

So Freemasons are definitely involved in the collapse of Western society in preparation for a world empire but they are not the prime movers; they are just another group that are controlled by Talmudic Jews for specific purposes.

Aside - the wrong suspects

The Talmudic Jews that control almost all aspects of the media and education constantly issue propaganda regarding other people that are supposedly trying to rule the world.

The first target is, of course, Adolph Hitler and Nazi Germany. Not a day goes by than the Talmudic media fails to provide a documentary about Hitler to condition the masses. In fact, Hitler's aim was never to rule the world at all. His aim was to restore the honour and stolen lands of Germany, to make Germany great again. In fact, the reason for this was the Treaty of Versailles after WWI which was dominated by Jews and which was orchestrated to utterly ruin Germany financially and territorially and provide the breeding ground for a further world war, long planned.¹⁰ In fact, Hitler tried over and over again to avoid war with Britain, which he greatly respected, but Churchill in particular stopped this.

The other culprit is always Russia. Russo-phobia has been around for over 100 years and has been used to produce all sorts of evils. Today it is centred in anti-Putin propaganda, with claims that he wants to rule the world – which is absolute nonsense. The reason for the Illuminati anger at Russia is because it is a strong Eastern Orthodox Christian state (after 75 years of control by Jewish-controlled Soviets).¹¹ Today it shows that Christian principles put into action work for the betterment of society, as I have explained many times.¹² The elite cannot stand for this to continue as a beacon of light and they do everything possible to attack Russia.¹³

The cultural revolution

The Talmudists / Illuminati produced Marxism as a means of working towards the overthrow of society. Marxism was also a rebranding of the Illuminati, which had fostered many revolutions, including the French Revolution in the guise of the Jacobins.¹⁴

⁹ For details see my paper, 'The Depths of Deception' and the forthcoming paper, 'Timescale of the Elite Take-over'.

¹⁰ Three world wars were planned (and the Bolshevik Revolution) in the 1800s and were explained by Albert Pike. These were to produce the effects necessary to further Illuminati plans in Europe and America.

¹¹ The Bolshevik Revolution was a Jewish revolution. It was paid for by Jewish banks, project managed by Jacob Schiff, Marxism was Jewish, the Bolshevik leaders were nearly all Jewish, the Cheka was 85% Jewish and the controlling powers in the politburo were mostly Jews for decades. Jewish leaders around the world proudly affirmed that Communism was Jewish and a product of the Talmud.

¹² Reforms and strategies applied by devout Orthodox Putin are powerfully prospering the nation.

¹³ Note the US Muller investigation. After years of vigorously claiming Russian involvement in American elections in the end there was not a shred of evidence to support such an idea (as I affirmed for years), However, no one says anything about the strong Israeli domination of American politics which is easily proved.

¹⁴ The Illuminati constantly change to avoid the world understanding their aims.

Marxism was produced directly by two Jews, Friedrich Engels and Karl Marx, the son of a rabbi. It was fully Talmudic in its principles. Marxism then set forth to foment violent revolution to overthrow the capitalist masters of society. This much is well understood.

What is less understood is what followed. When the masses failed to overthrow the class society, especially after WWI, Marxists realised that they needed a new scheme. Thus was born Cultural Marxism. This was the plan to foment a revolution of culture and minds. It was believed that the deep Christian principles rooted in society had to be destroyed and twisted round before society could fall for Marxist control. Thus began the long-term strategy of undermining all the basic philosophical structures of Western society, especially Christian ones.

The source of this ideology was the Frankfurt School in Germany, and later America, which was dominated almost entirely by Talmudic Marxist Jews. Their goal was to 'make society stink'; to ruin all the undergirding foundations and morals of Western culture. The method was by fooling intellectuals and thus infiltrating every area of education so that new generations of children would be trained and conditioned to believe in Cultural Marxism.

This began shortly after the end of WWI and was gradually very successful. It particularly took off in America where many of the Frankfurt School philosophers and sociologists fled after 1933.¹⁵ In time, these Marxists came to dominate American education, followed by control of European institutions.

The principles of the Frankfurt School were then carried forward by Post-Modernism philosophy and political correctness. Thus was forged the sexual revolution of the 1960s, the issues around Gay rights, gender fluidity, Feminism, anti-white feelings, anti-nationalism, anti white supremacy, anti patriarchy, Black power movements and so forth. Instead of the Marxist class struggle of the proletariat against the oppressive, capitalist Bourgeoisie, Cultural Marxism proposes many oppressed groups (Identity Politics) creating societal division and fomenting violence amongst many groups.

Gradually children in schools were conditioned to virtually accept that black is white, as Bertrand Russell predicted.¹⁶ The massive propaganda war has virtually turned Western society into a Communist state by default, as Russian historians have noted.

All the social problems in society that are destroying traditional cultural norms stem from the Jewish philosophy that issued from the Talmudic Frankfurt School Marxists. The principles of Globalism also stem from the same sources.

Interim conclusion

There is a war going on right now. It is a war to take-over the minds of the young and then completely revolutionise society. The point is to ruin the Christian and traditional foundations of Western society to enable Marxism to gain control by stealth.

This strategy was very successful. The people now in power are people conditioned by Cultural Marxism, propagandised since they were at school in the 60s / 70s.

Why is the Tory party in Britain acting so strangely and fomenting its own destruction? Why is a reactionary party supporting Gay-marriage,¹⁷ gender fluidity, open migration,

¹⁵ For a full and detailed explanation of Cultural Marxism see my forthcoming paper, 'Cultural Marxism'.

¹⁶ He toyed with the Frankfurt School for a time until he realised that it was utterly subversive.

¹⁷ Made legal by a Tory government.

Feminist and racial quotas, persecution of the right wing and so on? It is because the people in power have been deceived by Cultural Marxism and cannot help themselves.

In addition, many politicians and those in power in the establishment have also been conditioned and dominated by other elite operations, such as Freemasonry, Common Purpose and suchlike, which also use propaganda conditioning.

The background in France

With all this in mind, now we can turn to what is happening in France where you have a leader, Emmanuel Macron, who is an absolute dupe of the elite, a placement of the Rothschilds and a fully paid up Cultural Marxist. He presided over a tsunami of Muslim immigration into France, supposedly in the name of altruism but in reality in fulfilment of Marxist strategies to destabilise society. Parts of Paris became a slum other suburbs became violent ghettos characterised by cars on fire.

Macron's determination to fulfil the cultural Marxist agenda has resulted in a backlash manifested in the nationalist Yellow Vest protest movement.

It is significant that as the demonstrations against globalism heightened, there was a severe reaction to speed up the attacks on Christianity.

Attacks on French churches

According to CNN a 1,000 French churches, other buildings, cemeteries and Christian symbols have been violently attacked since January 2019 (less than four months). On average, three churches are vandalised every day in France.¹⁸ That is an astonishing figure. French police issued a statement that 875 Catholic churches had been desecrated this year alone.¹⁹ Republican MP Valerie Boyer stated that every day at least two churches are profaned.

The Central Criminal Intelligence Service (SCRC) of the gendarmerie reported that from 2016 to 2018 there had been thousands of cases of church vandalism. This paralleled the increased influx of Islamic immigrants.

The church of Saint-Sulpice in Paris was attacked and thugs set it on fire. A Muslim woman just happened to be there and filmed it for Twitter.²⁰ In Nimes vandals smeared faeces on the walls of the Church of Notre-Dame-des-Enfats. The Basilica of Saint-Denis, in a heavily migrant-populated part of Paris was vandalised and the stained glass windows of the 800-year old church broken. The Saint-Alain Cathedral in Lavaur was set on fire and statues smashed. The monastery of Saint Jean des Balmes in Aveyron was sacked. In north-central France the Church of St Nicholas in Houilles was vandalised and a statue of Mary destroyed. Gangs have raided multiple churches and stolen goods worth many thousands.

The Vienna-based Observatory of Intolerance and Discrimination Against Christians in Europe, stated that there had been a 25% increase in attacks on Catholic churches in the first two months of the year compared to last year. Yet the figures last year were high compared to previous years. For hundreds of years vandalism of churches in France has been exceptionally rare, which is why they are left open to the public.

¹⁹ InfoWars, Kelen McBreen, 16 April 2019.

²⁰ Pardes Seleh, 15 April 2019.

The people groups with the motivation to commit these crimes are Muslims because the Qur'an tells them 109 times to attack Christians; and Jews, whose rabbis have told them to destroy churches. On 3 May 2018 a Muslim man was in court for threatening to blow up a French cathedral because it did not read the Qur'an. 'Allah ou Akbar' graffiti has been found in vandalised churches.

Three years ago Muslims interrupted a church service at Saint-Etienne-Du-Bouvray, forced the priest to his knees and then slit his throat. France has seen multiple Islamic terrorist attacks in recent years that have caused many deaths.

We can compare Germany, which also has experienced a huge immigration of Muslims. Almost 200 churches had been vandalised in Bavaria alone every year.²¹ Crosses on the summit of mountains had been desecrated or destroyed.

Attacks on Christian churches are commonplace around the world, especially in Africa and South East Asia, and these attacks are mostly performed by Muslims.

The fire itself

The basic facts

- On 15 April 2019 the Notre Dame ('Our Lady') cathedral in Paris caught fire.
- It quickly took violent hold and videos show a huge conflagration.
- The roof and inflammable items burned to the ground.
- The spire collapsed.
- Many works of art were saved by fire-fighters.

Suppression of possible Muslim involvement

In the light of the wave of hundreds of Muslim attacks on churches in France there is at least the possibility that the Notre Dame fire was arson and that Muslims were involved. Yet this is D-listed from public conversation.

When guests on a Fox News show began to suggest this, the anchors Shepard Smith and Neil Cavuto cut them off. Yet Time magazine stated that a worker at the cathedral told them that the blaze was deliberate.²²

Suppression of rejoicing at the fire

Muslims

Multitudes of Muslims rejoiced over the fire expressing their delight in Tweets and Social media posts. You can see a selection of these in a video by Paul Joseph Watson.

Jews

Leading Zionist rabbi Shlomo Aviner said that Notre Dame was cursed with fire as divine retribution for medieval French Catholics burning the Babylonian Talmud in the 13th century.²³ He also urged 'God-fearing Jews' to refrain from grieving. He said, '*The great*

²² Tweet from Christopher J Hale, 15 April 2019.

²³ This was the result of growing knowledge of what the Talmud actually said. Noteworthy was the testimony of the whistleblower Nicholas Donin, a Jew who converted to Christianity. The passages blaspheming Christ, such as saying that he was burning in hell in boiling excrement, caused such a shock as to lead to the book burning (as happened in many places). Pope Gregory IX ordered the burning of 10,000 copies (of huge value).

*Christian church in Paris is on fire. Should we feel sorry for that, or should we rejoice, as it [the cathedral] is idolatry, which is mitzvah to burn ... Christianity is our number one enemy'. He also stated that it was a mitzvah (a religious duty) to set fire to churches in Israel.*²⁴

Baruch Marzel, the leader of the Israeli political party Otsma Yehudiy applauded the burning. He also alluded to the Talmud burnings in 1242.

The authoritative rabbi Maimonides affirmed that churches are places of idolatry and ought to be destroyed. This established Jewish *halacha* (law). The Talmud tells Jews to burn Christian books.

Cultural Marxists

The building was so overburdened with meaning that its burning feels like an act of liberation.

Questions regarding the fire

How did the fire catch?

The wooden beams on the roof that burned down were not easy to set alight. The former Notre Dame chief architect, Benjamin Mouton, has commented that he doesn't know how they burned but it was not electrical as the electricians had been removed.²⁵

The beams were already 400 years old, each being a whole tree, at the time of building in the 13th century. Such strong aged wood has a high ignition temperature and is not easily set alight. It would need some sort of accelerant to catch fire, or an explosion.

The chief of police

The chief of police officially stated that the fire was caused by a closed circuit electrical problem. But this has been definitively ruled out by the chief architect who is more qualified.

Why the delay by the fire service?

It took firefighters 35 minutes to get to the fire despite Notre Dame being a central location. How is this explained?

The head of the fire brigade, Philippe Boutinaud, was trained in Israel. He directed the simulated terror attack drill in the State de France on 13 November 2015 hours before the real terrorist attacks began (as usual).

Where was the security?

There was supposed to be enhanced security around Notre Dame, day and night. How was the fire allowed to get well underway? If it was arson, as many suspect, how did the arsonist get past the security?

Police are in large numbers in Paris and Notre Dame was a known target for terrorism.

An Israeli was arrested acting suspiciously but subsequently released. What are the details about this?

²⁵ Gearoid O Colmain, 'Rabbinic church burning and the parrhesia of Christ: reflections on Good Friday', 19 April 2019.

A video was released of someone on the roof of the building an hour and a half before the fire and a flash is seen. This video was stated to be genuine by Agence France Press. Who is this person? What was he doing there? Is the video really genuine? Is this a false trail?

There are security cameras everywhere around Notre Dame. What is the content of the surveillance? Why has it not been shown?

Coincidence?

The Al Aqsa mosque in the Old City of Jerusalem was attacked at the exact same moment and set on fire. This is the third holiest site in Islam.

The Israelis have openly stated that they want to remove this mosque. This mosque lies on the claimed site of Solomon's temple, which is a chief Freemasonry and Zionist symbol, on the Temple Mount (*Haram esh-Sharif*).

The rebuild

The stone architecture of Notre Dame was never going to be destroyed by fire. The global elite were satisfied with the symbol of the building on fire, consuming all that would burn, mostly wooden beams and pews.

But they also have another plan up their sleeve; that is to ruin the aesthetics of the building with a new steeple designed by modern architects. The French Prime Minister, Édouard Philippe, has already stated that it should not be in the same spirit as the original Gothic design but must represent France's new cultural values.²⁶ Macron agrees saying that it should be consistent with our modern diverse nation.

Remember that the purpose of the global elite is to destroy Christianity, and all its cultural principles and symbols. Thus they plan to erect some monstrosity on top of the beautiful medieval design so that the overall purpose is nullified. It will then stand forever as a symbol of Christian principles overwhelmed by Illuminati / Freemasonry symbolism.

I have mentioned the evils of modern art and architecture in other places. The purpose of this is to 'uglify' cultural spaces. Once aesthetically pleasing city vistas (such as London) have become ruined by the proliferation of truly ugly skyscrapers. Some of these have been deliberately designed to mimic phalluses (something happening all over the world).²⁷ This is part of the Cultural Marxist attack on society to demoralise and destabilise communities.

Designs are already coming in suggesting a steeple made of glass and stainless steel that is truly out of place in a Gothic stone cathedral. I would not be surprised if an Illuminati or Masonic symbol was placed there, such as a pyramid or cone shaped object, with a small sphere atop. See St Michael's parish in Scotland as an example of this incongruous rebuilding.

Some have suggested that the original Notre Dame cathedral was a, '*deep seated symbol of resentment, a monument to a deeply flawed institution and an idealised Christian European France that arguably never existed in the first place.*'²⁸ Cultural Marxists are openly saying that long cherished, beautiful cultural icons need to be removed or changed from city spaces. '*It is a political monument. ... Any rebuilding should be a refecation not of an old France, or the France that*

²⁶ The destroyed spire was erected in the 19th century in the spirit of the original building.

²⁷ NB. the 'Tulip' in London.

²⁸ Rolling Stone, EJ Dickson, How should France rebuild Notre Dame, 16 April 2019.

never was – a non-secular, white European France – but a reflection of the France of today, a France that is currently in the making.²⁹ Thus rebuilding in keeping with the original Gothic style is being discouraged by experts: *‘It would be a travesty to rebuild Notre-Dame as a facsimile of the original*.³⁰

It didn't take long for an architect to suggest that the steeple be replaced with a Muslim minaret.³¹ Tom Wilkinson, history editor of the *Architectural Review*, suggests the minaret as an apology for Algerian Muslims killed by French police. He added that the rebuild should reflect, *‘a more up-to-date form of political truth ... transforming Notre-Dame into a memorial to the generations of peasants who were exploited to fund it*’.³²

Notre Dame was not part of an imperialistic, colonising society, as some have claimed. It was built 70 years before the first instance of European colonisation. There is no cultural evil for it to be delivered from.

It was designed to be a beautiful, awe-inspiring place to evoke glory to God, and people entering into the space reacted accordingly; they were awe-struck.

Far from being exploited, the religious peasantry rejoiced at the building of a huge cathedral to glorify God. It provided work for hundreds of artisans for years and the wealth to build the European cathedrals came from the global warming of the Medieval Warm Period, that provided extra agricultural bounty and greater wealth.

The reason why the elite is building horrifically ugly buildings all over the world is to fulfil multiple Talmudic and Cultural Marxist aims:

- Create something in opposition to the God of the Bible who directs us to create things that are beautiful (Phil 4:8).³³
- Create something that instils depression in Gentiles. [Sound architects affirm that modern architecture is creating despair for people living in that environment.]
- Create something that celebrates evil. [Sabbatean Judaism, which includes many elite people, aims to create as much evil in the world as possible to bring about their messiah: corporate Jewry ruling the world.]
- Create edifices that make the world ugly.
- Ruin the cultural environment that evokes a past Christian attitude.

Conclusion

Something is very wrong about the official narrative regarding the Notre Dame fire. It seems to me to be similar to the 9/11 tragedy. It seems possible that for some reason the global elite have staged this in order to bring a hammer blow to Catholics in France to demoralise the whole nation even further as part of the cultural attack on traditional Christian values.

Two key suspects are possibly in view: Talmudic Jews and Salafist Muslims. Both these groups reacted to the news with public rejoicing. Religious leaders of both have urged followers to destroy churches as temples of idolatry. Freemasons may also be involved, acting in concert with, and submission to, Talmudic Jews in power.

What is certain is that the mainstream media, yet again, has failed its journalistic requirement to investigate what happened and reports facts, calling power to account.
