

# Wake up, already!

How long will you slumber, O sluggard? When will you rise from your sleep? Prov 6:9

## Introduction

I have been explaining for years that society is being overtaken and undermined in every possible area. This has been according to the Cultural Marxist plot to '*make society stink*' (Munzenberg); but there are many other attacks on society from all quarters.

We are now at a very serious turning point.

The three areas that the Elite seek to establish are:

- A new global political system. Universal political control. Control of your mind.<sup>1</sup>
- A new global economic system. Universal monetary control. Control of your body.<sup>2</sup>
- A new global religious system. Universal spiritual control. Control of your spirit.

Although there is not yet a formal, outward, universal political control, there is a hidden effective political control over Western nations. National governments have little say in major policy decisions.<sup>3</sup> Also, a global religious system is some way off, although the preparatory strands are in place.

A new global economic system is in the process of being established right now. There will be a major collapse in economies (some countries are already experiencing this)<sup>4</sup> and major disruption. This will impact food distribution, energy prices, inflation, interest rates, currency controls, bond markets, housing and so on. China is already in a serious economic crisis, which will affect the world when it crashes; some economists say the Chinese crash has already begun. Banks in certain provinces have already instituted bail-ins (stealing savers' money), social repression (tanks) to stop protests to get money back, and there is a national mortgage boycott – which will affect money flows for everything and capital investments will collapse.

There is no doubt that the world will change in the course of the next year. It has already changed as a result of the fake Covid crisis, social restrictions and lockdowns. By the end of 2023 the world would be unrecognisable to our forefathers.

The Great Reset is in process; however, there is also a great fight-back going on.

---

<sup>1</sup> Politicians tell you how to think and behave.

<sup>2</sup> The Elite control your body's movements, choices, by track and trace monitoring and suppression; control of your physical choices of purchasing, where you can go, when you can travel and how far etc.

<sup>3</sup> Just consider programmes that affect you. High energy costs are due to Elite net zero Green policies that Parliament did not debate and nobody voted for. The proposed elimination of petrol cars was never voted for by anyone. Getting rid of meat and dairy is contrary to the wishes of almost everyone. Lockdowns were contrary to existing effective pandemic strategies. Why are governments doing these things that have no representation?

<sup>4</sup> E.g. Sri Lanka, Panama.

## A warning

Many Christians, as well as unconverted friends and relatives, have dismissed my attempts to get them to see that a Global Elite is controlling society and is working to kill billions of people to reduce the global population to 500 million. Despite the Elite openly admitting this, even on granite stones, many people just don't want to even consider that this is a possibility.

This malicious intent is also worked out in multiple attacks on society whereby policies are enacted that cause harm to people, or governments fail to enact policies that could alleviate suffering – despite a tax budget that could easily fix this.<sup>5</sup> I will give some examples.

### **The attack on children**

I have warned that our children are at risk and that there is a constant attack on children in all levels of the establishment. Children are being taken from care homes, drugged and prostituted out to sex fiends – many of whom are in positions of power. Political activists who protest about government initiatives (like the Covid vaccinations) are being threatened with losing their children to such a care home by the police. Sexual abuse of children is rampant within the establishment. Multiple whistleblowers have come out to manifest this and have suffered for it. Some have been assassinated. There are paedophile rings in Westminster, the police force,<sup>6</sup> the judiciary, the secret services and many other societal institutions. Children are under attack by those in power. A million children disappear every year worldwide. Where are the investigations and enquiries into that?

Meanwhile there are changes to the school curriculum underway right now. It is far advanced in Wales (where it is being opposed by concerned parents) and Scotland and is being worked out in England (although certain aspects are already in operation). This stems from evil recommendations by the UN, UNESCO and the WHO based upon fraudulent information from the Kinsey Institute. It is now being regulated that children as young as four are indoctrinated in sexual activities with graphic illustrations. I cannot inflict all of what is going on upon my readers, however it includes the following. Four-year olds and above are encouraged to masturbate. They are taught about sexual positions and multiple ways of having sex, including perverted sex. They are warned about pregnancy and told that one safe way to avoid this is by anal sex (this is to four-year olds). They are taught that pornography is beneficial. They are taught that transgenderism is normal and that they can change their sex at a whim.

Transgender therapies are now being given to children as young as two. Drag queens are being ferried to schools and libraries by the police to give sex talks to children; this includes drag queens that have expressed paedophile proclivities or have exposed themselves. Parents objecting are treated as criminals for discrimination. Just imagine this: the police are ferrying and protecting people that have openly manifested paedophile tendencies to schools to teach kids. Gone are the days when the police arrested nonces. The police have even posed for photographs with the drag queens adopting effeminate poses.

---

<sup>5</sup> Britain is the 5<sup>th</sup> biggest economy and yet there is a massive homeless problem; many people face Third World levels of poverty and hunger; the NHS is in terminal decline and is now ranked near bottom of the international league table.

<sup>6</sup> For example: I was told this personally years ago by a WPC in Manchester. She tried to expose this and was attacked, smeared and hounded out of the police force. Maggie Oliver exposed paedophilia in Pakistani groups and was harassed and had to quit the force. John Wedger had the same experience in London. He started exposing establishment paedophilia and was attacked, smeared, his children threatened and he had to leave the Met. Everyone trying to expose the abuse of kids is crucified from high levels within the police force. Much of this coercion is linked to Freemasonry within the police.

Children as young as two are being diagnosed as transgender and stupid parents are celebrating this, having swallowed the whole demonic agenda. Any parent allowing a minor to have life-changing treatments, such as hormone blockers, puberty blockers and worse, is guilty of child abuse. Confused children, Tomboys and those with a genuine mental illness (such as dysphoria) are not being given proper medical care and counselling but are immediately transitioned as the first option. This is insane. Many doctors with a conscience are now speaking out about this. Sadly, it is too late for many having transitioned where regret affects 80% and 40% of this number commit suicide. You cannot undo life-changing surgery.

If you cannot see that the Elite are intent on damaging children then there is something wrong with you. The Elite hate God and seek to pervert all divine principles. Since God loves children and demands that parents protect them, the Luciferian Elite hate children and seek to ruin them in every possible manner. Your children are being damaged by schools and universities.

#### *Establishment abuse of children*

Welsh schools are already feeding insects to children. The Elite, such as Bill Gates, are demanding that we all move to eating synthetic laboratory-raised meat or insects. [Despite all the Davos clientele filling the local beef restaurants at their last meeting.] Processes are already in place that put insects into grain bars, chocolate bars and snacks without informing the public. Other products openly admit that insects are present, such as Swarm protein bars. Other products contain insects supposedly by accident. The FDA allows chocolate products to contain 60 insect fragments per 100 grams. Golden raisins are allowed to contain 35 fruit fly eggs and 10 or more whole insects for every 8 ounces.

Why is this being done? The reason is that eating insects is an abomination to God and forbidden in the Mosaic Law (Lev 11:42-43).<sup>7</sup> It is just another way for the Elite to force people into disobeying God. It is a cynical satanic means of cocking a snook (express contempt) at God.

#### **The attack on females**

Women are at risk from predatory men in safe spaces as a result of sick males claiming that they are women. Recently an old lady was thrown out of, and banned forever from, a swimming facility for harassing a transgender male with a penis who was eyeing up naked children who were washing. She threw him out but she was victimised and the police were called.

The police, courts and government are still turning a blind eye to the predatory Pakistani rape rings that are still operating in places like Rochdale. People that have protested to the police have been ridiculed and thrown out of the police station. One man trying to represent a 12-year old girl that had been raped multiple times in one session was shouted at by a police officer and the police refused to deal with the crime. Multiple activists trying to represent victims are not only being ignored by the police but are themselves arrested.

As the Trans movement gains even more power, the police recently illegally removed lesbians from a Pride march. The Pride movement no longer supports Gay people!!!<sup>8</sup> The Trans lobby has taken over Pride.

### **Vaccine adverse reactions**

The extent of the Covid vaccine damage is now blatantly obvious worldwide and the death and injury rates are soaring through the roof. Doctors everywhere are protesting and are being ignored, smeared, sacked or jailed. The level of child harm is now absolutely shocking. Medical statistics are being covered up to hide the facts. Polls show that respondents who never knew anyone that died from Covid now have several family members dead from the jab. The Taiwanese authorities have formally stated that more people have died from the vaccine than from Covid.<sup>9</sup>

More and more activist groups are forming, seeking to represent the vaccine injured. Multiple applications to the MHRA and its leader June Raine for an explanation as to why the MHRA is doing nothing to investigate the adverse reactions it records and nothing to help the vaccine injured have fallen on deaf ears. SRN Nurse Debbi Evans, a former health advisor, has repeatedly mailed June Raine and has received no answers. She even got to ask questions directly on a zoom MHRA board meeting and got no answers. She corresponded with Jeremy Hunt MP (who is investigating medical care) and got no answers. The MHRA is utterly corrupt and functions as an arm of Big Pharma receiving pay from people like Bill Gates.

Here are some facts.

- American insurance spokesmen for the major ignorance agencies have stated that there is a 40%,<sup>10</sup> or more,<sup>11</sup> rise in death claims. Major catastrophic events in the past, a one in 200-years event, have only added 10% to excess death rates. 40% is unprecedented.
- The 5<sup>th</sup> largest life insurance company (Lincoln) in the US paid out 163% more for deaths of working people ages 18-64 in 2021, due to non-Covid morbidity.<sup>12</sup>
- The probability of reinfection with Covid rises to 15.1% among 18-29 year olds. For most age groups those who received two doses or more are more likely to become infected than the unvaxxed. [JAMA, Elias Eythorsson et. al., 'Rate of SARS-Cov-2 reinfection during an Omicron wave in Iceland', 3 August 2022; 2022;5(8).]
- There are higher levels of excess death worldwide in 2022 than in 2020. [E.g. EUROMOMO, Graphs and maps, Week 32, 2022.] Year to date for children in EU aged 0-14 are up 2,555%. Excess deaths of people aged 15-44 is 61% higher in 2022 than in 2020.]
- Covid deaths in 2022 are higher than in 2020. [Our World In Data.] Yet there is no panic.
- The UK ONS shows that there are over 1,000 excess deaths every week at the moment.<sup>13</sup> This is beginning to raise concerns in the establishment. The Telegraph yesterday raised this for the first time in the mainstream press but only linked it to lockdowns (which is partly true). The main cause is vaccine adverse reactions.
- Multiple researchers, such as Steve Kirsch, have estimated that between 5 and 12 million people have been killed so far from the Covid vaccines. This would comply with the formal reported deaths multiplied by the 100 that studies show is necessary for underreporting.
- An exhaustive study of German mortality data finds excess deaths tightly correlated with mass vaccinations. [ResearchGate, Christof Kuhbandner and Matthias Reitzner, 'Excess mortality in Germany 2020-2022', August 2022.]

---

<sup>9</sup> NTD News, 'More die after vax than from virus in Taiwan', 12 October 2021.

<sup>10</sup> Scott Davison, CEO One America Life Insurance, January 2022.

<sup>11</sup> Another spokesman said 46%.

<sup>12</sup> Margaret Menge, Substack, 15 June 2022.

<sup>13</sup> The real figure is much higher because the excess death rate is calculated over the average of the last five years, but this would currently include the pandemic period with higher than normal deaths. Compared to the previous years the figure would far exceed 1,000.

- The latest actuarial data connects excess deaths to the Covid vaccines. [Society of Actuaries Research Institute, Thomas J Brit, et. al., 'Group life Covid-19 mortality survey – updated through September 2021'.]

We could add more ad infinitum.

There is a massive excess death problem that is being covered up by governments and the media. The deaths are even more pronounced among young people.

### **The lying media**

The BBC is so corrupt that it beggars belief. It issues lie upon lie upon lie. It has recently propagated lies about climate change, Covid vaccinations, the Ukraine conflict and much more. It is ignoring the plight of the vaccine injured.

An example: In one recent broadcast (Unvaccinated) it hosted a group of unvaxxed people in a Big Brother house scenario, haranguing them with expert opinions (that were blatant lies) and finally taking them to a vaccine centre to be jabbed. They all refused. Afterwards, social media was full of accusations of dodgy practices, harassment, manipulation, pressure, and bad editorial policies by the participants against the BBC. Criticism based on facts was edited out of the programme. Questions that the experts refused to answer were edited out. Questions that the presenter (a professor) could not answer were edited out. This programme was utterly biased vaccine propaganda – contrary to BBC charter principles.

### **The attack on free speech**

There is no free speech anymore. Thousands of YouTube channels, Facebook posts, Twitter accounts etc. have been deleted or censored. Most of my favourite YouTube channels from years ago have been deleted by Big Tech.

People are being attacked, smeared, censored, de-platformed and even arrested for speaking their minds (but not breaking any law). A new crime had to be created (on-line stalking) to stop Alex Bellfield from speaking on YouTube. He was attacked by multiple whingers who were offended by speeches (even though some had committed crimes) and was found guilty in court for four cases (not guilty for four others). He had committed no real crime, has no police record but was arrested a number of times (including being strip searched) and had his house raided three times; all illegally – merely for having an opinion and sometimes being scathing in criticism of wrongdoing (such as BBC fraud). There is no free speech on YouTube.

Alex Jones (InfoWars) has also been fined 48 million dollars for essentially offending or upsetting people. He had already apologised to these people and admitted he was wrong but he did not defame anyone nor did he incite violence or commit any normal crime. A highly political court penalised him for causing offence. Historically, causing offence has been an accepted aspect of having free speech. Upsetting people is now a crime. Meanwhile the Internet and YouTube do not censor or penalise Ukrainians that are inciting people to murder Russians or to contribute money to buy missiles to kill Russians.

A German female journalist reporting from Ukraine was excoriated for telling the truth, which conflicted with the western media version of events. Her bank account was frozen and she was threatened with three years in prison. Then her father's account was frozen. Then her mother was harangued and her bank account and credit cards frozen. She fled the country to Russia where she felt safe. This is sheer totalitarianism masquerading as modern democracy.

130,000 medical practitioners in the NHS have refused to be vaccinated because they understand the damage it is doing. Yet the number speaking out publicly is very small because everyone that does loses their job; like Dr Sam White or Dr David Cartland. Warnings have been issued to NHS staff from managers threatening them with suspension and/or expulsion if they speak out against the vaccines or facemasks. I have spoken to many nurses who are opposed to the vaccine programme but are too scared to stand up. There is no free speech in the NHS.

The sort of people attacked by the Woke establishment are not just provocative people on social media but also eminent academics who have contradicted the mainstream Woke narrative. These include Sir Roger Scruton, Prof. Germaine Greer, Douglas Murray, Prof. David Starkey, Lord Jonathan Sumption, and Prof. Kathleen Stock. Also intelligent 'contrarians', such as: Rowan Atkinson, John Cleese, Jim Davidson, Ben Shapiro, Neil Oliver, Toby Young, James Delingpole, Alison Pearson, Liam Halligan etc. There is no free speech in academia or the media.

The attacks on free speech are now so pervasive that Toby Young had to establish the Free Speech Union, which tries to give legal help and advice to victims of attacks for speaking out. Frequently victims of anti-free speech persecution are actually sufferers of illegal abuse, such as losing their job illegally or restricted from travel illegally.

I could give example after example, but that would be tedious. It is well understood that there is no free speech anymore, which is why most people are self-censoring because they are scared of arrest or losing their job.

### **The NHS**

The NHS is in a state of collapse and is harming patients. This is now mainstream news as reported by Telegraph journalist Alison Pearson and others.

People are dying in ambulances stuck in hospital car parks for 20 hours. Some patients have had to wait 27 hours in A and E. In some areas, such as West Midlands, the ambulance service has collapsed. Yesterday a 90-year old lady in Cornwall had to wait 40 hours for an ambulance, after breaking her leg, and then wait in that ambulance for a further 20 hours before being admitted into A and E (and her case was treated as urgent!). If you cannot see that this is catastrophic abuse then there is something wrong with you. Where is the mainstream media's voice for the sick?

GPs are not doing their jobs. 40% of the country cannot get face-to-face GP appointments, despite government demands to do so. Some parts of the country, such as Norfolk, have insufficient GPs so that patients have to travel hours to see one. Many surgeries are just telling patients to go to A and E, hence the long queues.

Nurses are not just failing to do their job but are treating sick people with derision, and attacking relatives. I have friends who have seen this with their own eyes. Patients are not being given water, some have gone without meals for days on end. Patients are being left in their own filth. When one old man asked to be washed a nurse just threw a flannel at him. Many nurses have become like little dictators. I have had personal experience of this. Now I applaud the nurses that have a conscience and do their job well under pressure, and I have met such people. I heartily commend those nurses that do a good job, and I have had excellent treatment from such, even recently. Some departments, such as dialysis wards or ICUs have excellent dedicated staff. [Some have confided in me that there are nurses and staff doing an appalling job.] Nevertheless there are far too many horrific stories emerging

to journalists like Alison Pearson. The sheer number shows an endemic problem and people being employed who are not fit for purpose.

The level of care during the Covid crisis was deplorable. People were literally being murdered by malpractice. Multiple whistleblower nurses and doctors have publicly affirmed that it was murder. Following government instructions (for which hospitals were paid) Covid patients were given Remdesivir, which wrecks the kidneys and causes breathlessness; morphine, which restricts breathing; and put on ventilators which collapsed lungs that had plaque on the alveoli. Some other drugs were also used which also cause breathing difficulties. How can you give drugs that damage breathing to patients already showing breathing difficulties? This was planned genocide. The treatments were official from on high. Complaints to consultants brought the ineffective response, *'I am just doing what I am told to do'*.

In addition, treatments proved in studies to be effective against Covid, and also proved in clinical treatments in certain states and nations, were made illegal in the NHS and US hospitals.<sup>14</sup> Why were treatments that worked forbidden but treatments that made things worse were prescribed? Why were doctors that prescribed safe natural treatments sacked? When eminent doctor Peter McCullough spoke against the vaccines and the Covid protocols he was hounded and persecuted; despite being the most published doctor in the world with an outstanding record.

Despite the appalling treatment of Covid patients (which continues), nurses in 2020 were able to spend hours rehearsing dance routines and posting them on Tik Tok. While patients were being murdered in one ward, nurses were dancing in an adjoining corridor or car park. Why were these celebrated and not disciplined?

The shocking truth is that the NHS is one of the worst health care providers in the world by formal investigation.<sup>15</sup> Every department came bottom or near the bottom of the international league table. Only America was worse in the round up. Third world countries, with much less investment, are performing far better than the NHS. The problem is not money; the NHS receives more than it needs and is about middle in investment amongst developed nations. The problem is appalling managerial control, inflated executive numbers, shocking bureaucratic disorder and a lack of focus on patient care. For decades the NHS was top of the international league table, or in the top three. Sadly it is now ruined. While millions are being spent on diversity managers, patients are dying through malpractice.

I spent years championing the NHS, as my record proves. Now it is a disgrace and must be abolished and rebuilt from scratch.

But the point for this paper is, how did this happen? The cause was political decisions and protocols demanded from on high. The protocols were global, proving that a power above national governments was behind this. The policy of giving high doses of Midazolam,<sup>16</sup> morphine and Remdesivir to elderly patients in care homes (which killed them) came from Matt Hancock; but it was the same protocol in many nations. The policy of trusting useless PCR tests (which cannot diagnose a viral infection) was international and the kits were

---

<sup>14</sup> Just look at Uttar Pradesh in India with a population of over 140 million. It got rid of Covid in weeks and has a very low Covid death rate because it gave Hydroxychloroquine freely to everyone (plus some other treatments).

<sup>15</sup> Civitas data from 2019. E.g. the NHS is the worst in the world for treating heart attacks and strokes. It is 16<sup>th</sup> out of 18 for treating cancer. See story in Daily Mail, 27 April 2022.

<sup>16</sup> A powerful sedative used in US executions.

ordered in 2016. The policy of PPE (which has no effect in stopping an airborne virus) was international. The policy of social distancing (also utterly useless) was international.

Like the destruction of many other social edifices, the collapse of the NHS was planned. The next phase being rolled out is the use of AI, algorithms, zoom consultations and implanted devices. Surgeries and hospitals are being effectively committed to the ash heap. Treatment will be at home by computer advice and Amazon drugs for chronic diseases. The NHS Long Term Plan is the beginning of this.

### **Pointless restrictions**

Facemasks have been proven in study after study<sup>17</sup> to be utterly useless in hindering an airborne virus. Yet despite no law sanctioning wearing one, the NHS is now demanding that everyone wear one when entering any NHS property. The poor medical staff have had to wear one all shift long for the last two years. Their health will suffer. There is not only no point in this but the masks are proven to cause multiple medical harms (including hypoxia and bacterial infection) but also cause cancer because they are contaminated by titanium dioxide, cadmium and lead, Why are they being enforced? How can it be that the experts on health are demanding that sick people wear something that will ruin their immune system and harm them? Is this deliberate? There is no good medical reason for it.

We could go on and on. All of this should be familiar.

### **Fuel poverty**

I could repeat previous statements about deliberate food supply collapse caused by political decisions,<sup>18</sup> but I will avoid this; however, there is an even bigger problem. British residents are facing a potentially very cold winter (according to forecasts) with energy prices through the roof. The average bill is projected at being over £4000 next winter and still rising to over £6000 in 2023 (an 80% increase by October). Nearly half of the population is facing fuel poverty.<sup>19</sup> Multiple small, energy dependent businesses will collapse.

High energy prices will lead to less food production. Farmers are already in trouble with rising prices of fertilisers so that some have stopped planting crops. High fuel costs will mean that other farmers will not be able to use combine harvesters, tractors and other machinery and still make a profit. In Poland two fertiliser plants have shut down due to high gas prices.<sup>20</sup> This included Grupa Azoty, the EU's second largest fertiliser producer. No fertiliser means low crop results.

The Child Poverty Action Group states that by January 2023 over half the households in the UK (15 million) will be in fuel poverty spending over 10% of net income on fuel. Some will be spending 71.7% of net income.<sup>21</sup> A revision affirmed that over 80% of large families, lone parents and pension couples will be in fuel poverty. This could easily mean that tens of thousands of people will die from the cold. In 2018 over 17,000 deaths were due to cold housing.<sup>22</sup> This winter will be very much worse.

---

<sup>17</sup> E.g. McIntyre 2015, the Cochrane 4 study, or the Danmask study.

<sup>18</sup> Such as paying farmers to give up farming, or to cease planting grain and grow wild flowers.

<sup>19</sup> That is, according to the government, being below the official poverty line after spending the required amount to heat a home.

<sup>20</sup> DETV, 'Poland's fertiliser producers halt production', 24 August 2022.

<sup>21</sup> CPAG, 'Fuel poverty: estimates for the UK', 2 August 2022.

<sup>22</sup> E3G, '17,000 people in the UK died last winter due to cold housing', 15 February 2029.

Activist groups have challenged governments for years to fix to the cold home situation, which is one of the worst in the world. No government has done anything to effectively change the matter. No one should die because their home is too cold; especially in the fifth biggest economy.

### **A selection of insane developments**

- In Virginia a paedophile was kept in the job of a school counsellor after being exposed as a sex criminal, despite warnings from the police.<sup>23</sup>
- Parents that stand up for their kids are now being labelled as extremists.<sup>24</sup>
- The WEF has called for the ending of private ownership of cars.<sup>25</sup>
- Aerosolised vaccines are being sprayed on non-consenting populations.<sup>26</sup>
- The net-zero agenda has called for the ending of personal domestic flights. Various airports (e.g. France, Amsterdam) have already terminated domestic inland flights demanding that people use trains.
- Petrol cars are being terminated by 2030.
- Inflation is officially expected to reach 18%. In real terms it is already over 20%.
- Metropolitan police officers danced the Macarana in the London Pride festival while, at the same time, nearby crowds rioted in a Macdonald's, stealing everything they could. One male police officer sported a pair of red high-heeled shoes.
- Prince Charles and others are demanding that livestock wear facemasks.
- Even mainstream American newspapers<sup>27</sup> have warned readers to see Britain's net-zero policy as a catastrophe that should be avoided in the US.
- Universities are dropping Chaucer and Shakespeare due to de-colonisation.<sup>28</sup>

### **The world has gone mad**

Everyone above a certain age that I meet or listen to on podcasts affirm that the world has gone mad. It is universally agreed that this is the case. Even celebrities and some media outlets have stated this.

We can agree, therefore, that the world has gone mad – just as the Cultural Marxists planned in the 1930s. What people now need to see is that this is not an accident, nor is it political incompetence – it is part of a deliberate strategy to wreck Western society. A key part of the ruination is the destruction of Christianity in an attempt to kill God in culture.

### **Conclusion**

It should be obvious to everyone by now that there is a malicious agenda perpetrated at a high level of authority to afflict and control the population. The establishment does not care about you; it seeks to harm you and destroy the bedrock of society. Can you not see that?

## Christians must wake up

Take heed, watch and pray. Mk 13:33

Watch therefore, for you do not know when the master of the house is coming -- in the evening, at midnight, at the crowing of the rooster, or in the morning -- lest, coming suddenly, he find you sleeping. And what I say to you, I say to all: Watch! Mk 13:35-37

Watch therefore, and pray always that you may be counted worthy to escape all these things that will come to pass, and to stand before the Son of Man. Lk 21:36

Now it is high time to awake out of sleep; for now our salvation is nearer than when we first believed. Rm 13:11

Therefore let us not sleep, as others do, but let us watch and be sober. Eph 6:6

Behold, I am coming as a thief. Blessed is he who watches, and keeps his garments, lest he walk naked and they see his shame. Rev 16:15

Now I have tried to warn Christians that this entire scenario is a Satanic plan to achieve various ends. One of those ends is the destruction of Christianity. A global false religion first requires the elimination of Christianity (and other fundamentalist faiths).<sup>29</sup> The current spiritual war is an attempt to destroy God's reign on Earth by the Devil and his demons working through human proxies.

It has been openly stated, in various subversive movements, that religion must be destroyed and Christianity in particular. For example it is exhibited in the Communist manifesto of Karl Marx. It was stated by the Illuminati in the 18<sup>th</sup> century. It is implied in Freemasonry which worships Satan. It was promoted by the Frankfurt School (Cultural Marxists). It is stated in the Talmud. It was a policy of the Jacobins. It is the stated policy of many outspoken global Elite personalities. There is no doubt; the people striving to rule the world first seek to destroy Christianity. Mark this – the people that control your government wants to eliminate you.

If people fail to see that this is what is behind all the attacks on society, it became very clear when the government demanded that all churches close down for months on end. I have castigated church leaders for complying with this many times. They showed no discernment or courage. But the point is that this proved that there was a direct attack on the church. This is undeniable. In previous real plagues (Covid was a fake pandemic; excess deaths were below the century average in 2020) the churches were not only open but unbelievers flocked to them for comfort and care. Christians aided the sick despite the threat to their own health. The recent closure of the churches is a severe spiritual crime.

This proves that the church is under attack. If you cannot see that you are in the middle of a very dangerous spiritual war then you are deluded and cannot have any spirituality.

There are churches preaching about spiritual warfare right now and talking all sorts of nonsense (actually nonsense inspired by Satan). This is a distraction to get attention drawn away from the real warfare. You can talk about fighting the demons in your town by various Charismatic practices, but the real warfare is going on all around to captivate your mind. When you watch and believe the BBC you are already a casualty of spiritual warfare

and removed from the battle. You are an ineffective warrior, useless to God. I am not being hyperbolic; I am serious.

How can you be silent when there is a genocide going on, especially a genocide of children?

**Defend the poor and fatherless; Do justice to the afflicted and needy. Deliver the poor and needy; free them from the hand of the wicked. They do not know, nor do they understand; they walk about in darkness; all the foundations of the earth are unstable. Ps 82:3-5**

**Learn to do good; seek justice, rebuke the oppressor; defend the fatherless, plead for the widow. Isa 1:17**

Wake up!

### **Church collapse**

Even the polls show that the churches are collapsing.

A recent Gallup poll showed that only 40% of American Christians, who identify as evangelical, believe that the Bible is the word of God! This is down from around 60% in 2015. The majority of people in evangelical churches do not believe that the Bible is inspired and inerrant! This means that these people have been attacked in their minds and have capitulated to the world. They are lost. 60% of US evangelical churches are unbelievers – on this issue alone.

### **Evangelists arrested**

Multiple evangelists have been arrested in recent years for preaching the Gospel. This is now described as a hate crime. For example, Oluwole Ilesanmi, a 64-year old Nigerian evangelist, was arrested at Southgate station after complaints about his preaching of the Gospel. Again this was a complaint about being offended (not a crime). The police confiscated his Bible and transported him to a remote place (Wrotham Park) where he was ‘de-arrested’. He had no money and the bus refused his Oyster Card. If it had not been for the kindness of a passenger who paid in cash, he would have been stranded – seemingly deliberately. The police lied multiple times about this when questioned later.<sup>30</sup>

### **Bible reading preacher arrested**

Quoting from the Bible is also being prosecuted. For example, in July 2018 street preacher Alan Coote was arrested outside St Paul’s Cathedral merely for reading the Bible aloud (the Sermon on the Mount). This was claimed to be disturbing the peace. Previously, the same area was filled with progressive protestors camping out – the church authorities lavished praise on them.

### **Britain built on Christian principles**

This nation was built on Christian principles going back to before the time of Alfred the Great. The Celtic church founded many of the early principles of society, which were cemented by Roman converts that settled in Britain. The Saxons built upon that and Alfred codified much of it into law. This was subsequently built upon afterwards by Athelstan, Edward the Confessor and many others. Even the Vikings adopted Christianity, beginning with Guthrum. Over time this was codified in statutes and the development of the justice system. Queen Victoria could say to foreign dignitaries that the Bible was the basis of the Empire. In fact it was the Christian principles that formed the bedrock of this country that brought in freedom of speech.

<sup>30</sup> Gatestone Institute, ‘Britain’s war on Christianity: Part 1’, 19 March 2019. A video of the arrest has been viewed millions of times.

Now we have 2,000 years of historical development overturned in a few years so that Christian evangelising is considered disgraceful and people are arrested for discrimination. Can you not see that powerful Luciferian players controlling governments have engineered this change? This change did not come from the people through Parliament; it came from above the state by those in power.

### **Display of Bible verses threatened**

British police threatened to arrest a Christian café owner for displaying Bible verses on his own property.<sup>31</sup> The verses are played on a TV on a wall displaying DVDs called 'The Watchword Bible' reading out the NT. Someone was offended and complained, so the police threatened the owner with considerable aggression and demanded the content be removed. They claimed it breached section 5 of the Public Order Act, which forbids offensive or insulting words. Legal advice assured the owner that there was no breach of the law.

### **Governments view Christians as a threat**

Did you know that in the 1990s the EU officially listed evangelical Christianity as a cult to be policed? The EU is openly hostile to Biblical Christians, which it views as a threat because it is atheistic, Socialist and Hegelian. Some have alleged that the British police are trained to view Christians as a potentially racist / homophobic hate threat. The continual arrest (scores of them) of Christian street preachers seems to substantiate this. In many organisations, admitting that you are a Christian will ensure that you do not get a job.

In some parts of the US establishment Christians are viewed as potential terrorists; such as certain police and security forces. The US Army taught troops that Christians are extremists like al-Qaeda.<sup>32</sup> Certain American evangelical pastors are on police watch lists. In the US, evangelical women have been labelled as the greatest enemy of women in general.<sup>33</sup> US Homeland Security produced studies that deemed Christians to be terrorists.<sup>34</sup> President Joe Biden's 'National Strategy for Countering Domestic Terrorism' identifies evangelical Christians with a Biblical view on sexuality and abortion as potential domestic terrorists.<sup>35</sup>

### **Public praying outlawed**

But in case you still don't understand that the government is deliberately attacking Christians in a plan to eradicate Christianity, the latest policy is to stop people praying. Yes! You cannot evangelise in public, you also cannot read the Bible in public, but now you will not be able to pray in public either.

Anti-prayer zones have been set up around the UK<sup>36</sup> and are being applied with vigour in Ireland<sup>37</sup> and are under proposal in Scotland.<sup>38</sup> A Catholic woman was recently arrested for praying with a rosary outside an Irish abortion clinic. She was committing no crime and

doing no harm but was arrested for praying. If you cannot now see that we are inches away from violent persecution and death for being a Christian, then you have no sense.

### **Necessary dissent**

I have warned that this is coming for many years. The Scriptures explain this with clarity; at the end the church will be violently persecuted and the world will think that the church is eradicated in the days before Jesus returns with judgment.

Every time you capitulate to the Elite agenda all around you, you aid the gradual attack on churches. When you comply with wearing a mask for no purpose – you are abetting evil forces. Now is the time for dissent.

Many modern denominations derive from previous dissenters. Favourite preachers were dissenters, such as John Bunyan; himself thrown into prison for preaching. Non-conformists were the origin for the Puritan movement, the Baptists, the independents, the Lutherans, the Presbyterians and many more. The pioneers faced jail for their beliefs, which led to the benefits that many of you enjoy today. Sadly, modern people have had it so good and comfortable for a few decades that they have lost the pioneer spirit of their forefathers.

Now is the time to stand up for the poor, the abused, the vaccine injured, the children threatened with paedophilia, the raped, the murdered, those attacked by the police and jailed for no crime, the smeared, the de-platformed, those sacked for thinking the wrong thing, those who have been arrested for protesting to help victims of crime.

You are next! Anti-prayer zones are the precursor for anti-church orders. If there is another pandemic panic this winter (as seems likely) there will be another call for lockdowns and closure of churches. Boris, Sunak and Truss have refused to rule this out when questioned.<sup>39</sup> Why is that, when it is now proven beyond any doubt that lockdowns did an immense amount of harm to the population far outweighing any supposed Covid epidemic (which was just flu)? The reason is that lockdowns are part of the plan to enforce social control. New Zealand is the scenario that shows that they don't work; it is now experiencing an economic crisis and Ardern is facing a collapse in polling. Sweden is the model that shows that no lockdowns work well in epidemiological terms and the economy is thriving.

## **Conclusion**

The church is under direct attack. You absolutely need to wake up and understand what is happening in front of you before it is too late. If you fail to prepare you will be a casualty and it will be game over.

You must protect your children from the conditioning they are getting at school and university. They are literally being brainwashed by Communists to adhere to a progressive collectivist set of values. Schools are now ideologue factories. Children come out changed for the worse. Wherever possible, remove your children from state schools and home school them, as a growing number of parents are now doing. Sadly, mostly secular parents.

Switch off the propaganda in your own home, Stop watching the BBC (a weight will be removed from your mind). Stop reading newspapers. Stop watching mainstream news

channels. Start getting your news from sound independent broadcasters online. The *UK Column* is a good place to start. It has a Christian basis<sup>40</sup> and thoroughly dissects what is going on in a forensic manner. The American show *Redacted* is another good source of news.

Link up with local people that know the truth, and support each other. Pass on good information to all that will listen.

Do what you can to support good works. Stop paying tithes to maintain a defunct church building (this is evil by the way) or multiple layers of leadership hierarchy (also evil) and direct your money to help the poor and needy. Support Christian foodbanks and charities that do good (*Barnabas Fund* is a good example).

Get your church leaders to understand all this and teach about ways to combat what is going on. If they refuse, then they have no discernment. They will fail when things get tough. The first job of a pastor is to protect the flock from harm. Yet pastors are doing nothing about the multiple harms their flock is suffering day after day, including psychological damage, emotional damage, and even physical damage from vaccines and bad medication. Where are the leaders? Where are the true prophets? Where are the Amoses, the Elijahs, the Jeremiahs or the Isaiahs?

If the churches continue in this vein with their heads in the sand, they will capitulate to the Elite and be destroyed with less than a whimper. The time is running out.

### **Jesus' warning**

When the Son of Man comes, will He really find faith on the earth? Lk 18:8

Now the implication inherent in the Greek rendering of this is that Jesus will not find great faith (like that of the widow) when he returns.

The use of *ara* before *e`urhsei* seems to indicate a question expecting a negative answer as in Ac 8:30; Ro 14:19. But here *ara* comes in the middle of the sentence instead of near the beginning, an unusual position for either inferential *ara* or interrogative *ara*. On the whole the interrogative *ara* is probably correct, meaning to question if the Son will find a persistence of faith like that of the widow.

Robertson's Word Pictures.

Notwithstanding God is certain to vindicate, will the Son of man find on earth a persistence in faith answering to the widow's

Vincent's Word Studies.

In the world at the last day: there will then be little of the doctrine of faith, and less of the grace of faith, and still less of the exercise of faith, particularly in prayer, and especially about the coming of Christ; it will be little thought of, and expected, or faith little exercised about it.

John Gill, Comm. on the Bible.

The truth that he had been teaching was, that God would deliver his people from their calamities and save them, though he suffered them to be long tried. He asks them here whether, when he came, he should find "this faith," or a belief of "this truth," among his

followers? Would they be found persevering in prayer, and “believing” that God would yet avenge them; or would they cease to pray “always, and faint?” This is not to be understood, therefore, as affirming that when Christ comes to judgment there will be few Christians on the earth, and that the world will be overrun with wickedness. That “may be” true, but it is not the truth taught here.

Albert Barnes, Notes on the NT.

Now, when he comes, will he find faith on the earth? The question implies a strong negation: No, he will not; he himself foresees it.

Matthew Henry, Bible Comm.

There will be believers at the end who come to fulness and will have faith, but the vast majority of churchgoers will not have faith. In general, in the Earth, faith will not be seen.

Therefore, strive to be one of those who will continue and maintain a hidden faith right up to the end.

According to Jesus, the position of the churches at the end is poor; it is faithless. The outward churches have long lost their testimony. My warnings are in accord with what Jesus teaches.

### **To church leaders**

You have little time.

You need to collapse your meetings in large venues and break the church down into small groups that meet in homes. These are not house groups (unbiblical) but local independent churches; each group must appoint its own elders. Everything else you do (outside spiritual disciplines),<sup>41</sup> except helping the poor, should be abandoned. The church’s job is local spiritual fellowship and not a multitude of other things. Your church building should be sold and the proceeds used to do good works. All hierarchical leadership should be terminated. All managers and administrators should be terminated. Use the proceeds of the building sale to pay for redundancies (for jobs which should never have existed in the first place). Senior leaders (an unbiblical position) should occupy the position of a local church elder in one of the groups. Leaders with a recognised gift, say for evangelising or prophetic/didactic teaching, should minister amongst the groups – but their main job is as a local elder. All leadership salaries should stop (unbiblical) and leaders live by faith or get a job.

Witnessing should be encouraged on a one-to-one basis; no more large Gospel meetings. The church must be as hidden as possible. It is wheat growing unnoticed in a field of darnel.

If all these were done we would see a genuine revival of Biblical truth and spiritual work. Sadly, I have no faith that this will ever happen; leaders have too much to lose; members are used to living in a social bubble they call church but which is actually a social club with no spiritual power.

For those who do heed this message, gather yourselves in the manner I describe. Start building small, local, house churches and seek to do each other good. Focus on fellowship and the word of God. Trust the Holy Spirit to help you develop the church. Break bread every Sunday without fail. Help the poor. Focus upon the glory of Jesus Christ in your testimony.

Why do the nations rage, and the people plot a vain thing? The kings of the earth set themselves, and the rulers take counsel together, against the LORD and against His Anointed, saying, 'Let us break Their bonds in pieces and cast away their cords from us.'
